

# PROJECT REFERENCE

## MILSON ISLAND INDOOR STADIUM

gerflor.com.au

### LOCATION

Milson Island  
NSW

### PRODUCT

Actionsport 50  
Isolsport

560 square metres of Gerflor indoor sports flooring provides the foundations for multipurpose activities at the Milson Island Indoor Sports Stadium in New South Wales.

### COMPLETED

2012

### AREA

560 sqm

The maple design Gerflor Taraflex Actionsport surface inside the sport and recreation hall complements the natural setting that gave rise to this spectacular Allen Jack + Cottier project for Sports and Recreation NSW.

### ARCHITECT

Allen Jack + Cottier  
Architects

### COLOURS

6381 Maple  
0002 Noir / Gris

The brief was to design a robust multi-purpose recreation hall for young children to have fun in while on residential camp. A careful study of local conditions resulted in a building that fits gracefully into the extraordinary natural context.
