PRODUCT
Taraflex Sport Performance
Plus

AREA
2000 sqm

COLOURS
6180 Red
6211 Gold
6426 Horizon
6758 Silver Grey
Unique Blue

The Adelaide Football Club has launched a multipurpose training/entertainment facility that set a new benchmark in Australian sporting venues.

Gerflor Australasia worked with its technical and manufacturing facilities in France to custom make 2000 sqm of Crows specific flooring. Featuring the distinctive red, yellow and blue AFC colours, this surface is a feature of the facility affectionately known as The Shed. Club officials say the floor answers the demands of elite athletes involved in high level training.
